

SALTBUSTER

TECHNICAL DATA SHEET

As Approved For The Military
In
TM 4795-12/1 (DECEMBER 1999)
ORGANIZATIONAL CORROSION PREVENTION AND CONTROL
PROCEDURES FOR USMC EQUIPMENT
PCN 184 479500 00

SALTBUSTER SUPER CONCENTRATE was designed to take advantage of the **SALT-X** technology by combining a general purpose detergent with **SALT-X**. The result was a general purpose cleaner that not only removes mild to medium soils, grease, oil and hydrocarbons but also removes even the harshest of salt buildup! Fresh water (which contains chlorine) and ordinary soaps (which for the most part contain salt as a building agent) will not remove stubborn salt film from surfaces. This film is the first stage of corrosion! **SALTBUSTER** works quickly to deactivate, dissolve and remove this film, thus extending the usable life of any surface exposed to salt! A unique corrosion inhibitor in **SALTBUSTER** actually leaves a dry non-oily coating to help protect temporarily against further salt exposure. Laboratory tests have shown **SALT-X** to be **NON-TOXIC & ENVIRONMENTALLY SAFE!!** Repeated use in the field by retail, industrial and military customers has shown that when used regularly as part of a "Preventive Maintenance" program, **SALT-X** removes even the harshest buildup of salt and salt film from all types of surfaces, **without** harming paints, oils, greases, fabrics, rubber items, plastics, etc. and can add years to the useful life of equipment.

SALTBUSTER can be used on all wheeled/tracked vehicles, ground support/shipboard equipment, clothing, etc. (do **not** use on aircraft), anywhere salt is a problem! (**SALTBUSTER** can also be used to remove salt used on roads during icy weather).

DIRECTIONS FOR USE:

Mix one cup (8 ounces) **SALTBUSTER** per gallon of water. Wet surface liberally, scrub if necessary and rinse with fresh water. **SALTBUSTER** can be applied by hand, pressure washer or use the INNO-CHEM AUTO-MIX UNIT. For maximum results, use **SALTBUSTER** each time equipment is exposed to salt and salt water or on a regular basis if used aboard ship.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Product may cause eye irritation. In case of contact with skin, rinse off, in case of contact with eyes, flush eyes with water for at least 15 minutes. If irritation persists, get medical attention. Do not use more than 16 ounces **SALTBUSTER per gallon of water!**
